[STATE PAPER.]

Albany Evening Journal,

FOR 1874.

Through a career of over forty years the JOURNAL has maintained a high place in the public confidence and favor. Its conductors hope to make it better, and to extend its circulation with each succeeding year.

The year 1873 will be one of great political and general interest. From begining to end, it will be thickly crowded with stirring events of the most important bearing and the most absorbing public character.

Of these events the JOURNAL will present a complete chronicle. It will be a LIVE NEWSPAPER, with fresh CORRESPONDENCE, late TELEGRAMS, full SELECTIONS and EDITORIALS upon current themes. It will give a full view of the multiplied and hastening scenes in the rapid panorama of the world's progress.

NEWS DEPARTMENT.

The NEWS DEPARTMENT is in experienced hands, and every effort is used to make it thorough and complete. Besides the more detailed exposition of all leading events in other columns, a succinct and comprehensive REVIEW OF THE WEEK will place all events of moment before the readers of the Weekly at a glance. A regular Washington bureau, sending daily telegrams from the National Capital, has been established within the past year.

POLITICAL DEPARTMENT.

In its POLITICAL DEPARTMENT, the JOURNAL will maintain the same fullness and accuracy for which it has so long been distinguished. Its location at the Capital of the chief State of the Union gives it superior facilities which, with all other agencies of ample and correct political intelligence, it will employ to the fullest extent. Its reports of Legislative proceedings are the fullest and earliest that are published. Conventions, speeches, documents, etc., all receive proper attention, and no labor or expense will be spared to preserve the standard of excellence which has always marked this department.

MARKET REPORTS.

The prompt, full and reliable MARKET REPORTS of the JOURNAL give it special value for the great body of producers. Albany has become the Great Eastern Cattle Market of the Country, and our reports are the earliest and most complete that are published. It is a center also of the Lumber, Grain and Provision Trade, and our Weekly Review and Telegraphic Reports of the Local and General Markets are thorough and trustworthy. To these we append agricultural matters of value, and although the JOURNAL is now widely sought, not only in New York, but throughout the West and Canada the interests of farmers and producers, who cannot afford to be without full and reliable reports, should dictate a still larger demand for it.

MISCELLANEOUS DEPARTMENT.

THE MISCELLANEOUS DEPARTMENT is made up of a careful selection of Stories, Sketches, Poetry, Humor and Choice Reading, and has always given the JOURNAL great popularity as an excellent Family Paper.

The triumph of Right Principles depends upon the thorough enlightenment of the masses. The press is the most constant and effective of all instructors. The JOURNAL, earnestly believing the continued ascendancy of the Republican party vital to the welfare of the country, will devote its best energies to that end, untrammeled by faction and resisting whatever tends to impair the unity and harmony of the organization. We aim to make it the fearless and efficient representative of the whole party, and we confidently ask all Republicans who approve this spirit, to aid us in enlarging its influence by extending its circulation. Friends will you not organize new JOURNAL Clubs for 1873.

Counterfeit Butter.—One of the numberless new compounds by which one man cheats another, is called "artificial butter." It is made of suet, pepsin, annatto, and a certain proportion of real milk. The mixture is churned in the usual way, but, as it is not butter, all those who sell it for the genuine article should be prosecuted for cheating. Indeed, so numerous are the shams which are now set before us at hotels and restaurants that a system of inspection is demanded such as exists in England and France, that guests may no longer be thus secretly robbed of health, and even life itself. The alarming extent to which false drugs and medicines, and groceries of almost all kinds, are sold, especially to the poor and the sick, calls for the interposition of law and of popular indignation.

LONDON is a world of itself, and it would require more than a life-time to know it. There are more than 3,000,000 human beings crowded into an area of about 122 square miles. There are about 6,000 public houses, wine cellars and beer saloons where alcoholic liquors are sold, and these places dispense 43,200,000 gallons of ale, 7,800,000 gallons of wine, and 2,000,000 gallons of other strong drinks every year. As a result, they have 129,000 paupers, and it requires 5,000 lawyers, 2,000 ministers, 3,000 doctors and 500 undertakers to take care of the criminals, sinners and sick people. Nearly every street you traverse, and public or private building you examine, has a history of its own — many of which date back hundreds of years.

XLIIId CONGRESS.

The Constitution requires nine years' citizenship to qualify for admission to the Senate, and seven years to the House of Representatives. An act approved July 26, 1866, requires the Legislature of each State, which shall be chosen next preceding the expiration of any Senatorial term on the second Tuesday after its first meeting, to elect a successor, each House nominating *viva voce*, and then convening in Joint Assembly to compare nominations. In case of agreement, such person shall be declared duly elected; and if they do not agree, then balloting to continue from day to day, at 12 M., during the session, until choice has been made. Vacancies are to be filled in like manner. The members of each House receive a salary of $5,000 per annum, and mileage at the rate of twenty cents per mile. For each day's absence, except when caused by sickness, $8 per diem is deducted from the salary. The President *pro tem.* of the Senate receives the same compensation as the Vice-President. The Speaker of the House of Representatives receives double the salary of a member.

CALIFORNIA.

The elections in California in 1873 were for Judge of the Supreme Court, Harbor Commissioner and members of the State Legislature. Party divisions were, to a very great extent, ignored in the canvass, the issue turning upon railroad and local questions. The Independent or People's Party were successful, and these, with the Republicans, control the Legislature. The candidates for Supreme Judge were S. W. McKinstry, Ind.; S. H. Dwinelle, Rep.; A. Brunson, Rep., and S. B. McKee, Dem.

ILLINOIS.

The election in Illinois, in 1873, were for county judges, clerks, school superintendents and other county officers. Party lines in many of the counties were very nearly obliterated, and hence many successful candidates are classed as Independents, Anti-Monopolists and Farmers. Fifty-three of the one hundred and two counties were carried by "reform" tickets, the remainder being divided between the Republicans and Democrats in the proportion of fifteen to twenty.

It is worthy of note that eleven of the school superintendents elected are women, a law having been passed by the last Legislature allowing the sex to hold that office.

The members of the lower branch of the Legislature were elected in 1872 by the "cumulative vote" in accordance with the principle of minority representation lately adopted in Illinois.

At the general election, in 1872, State officers and congressmen were elected. The following nominations were made:

Governor — Richard J. Oglesby, Rep.; G. Koerner, Dem. *Lieutenant-Governor* — John L. Beveridge, Rep.; John C. Black, Dem. *Secretary of State* — Geo. H. IOWA.

In Iowa, as elsewhere in the Western States, railroad and anti-monopoly issues entered largely into the canvass of 1873. The State election was held October 14, when a Governor and other State officers to serve two years, and a full State legislature, were chosen. The contest was between those who adhered to the regular Republican organization and those who called themselves "Anti-Monopolists." The organization of the latter was, however, controlled by Democrats to a great extent, the Democracy, as such, making no nominations. The State voted for members of the Forty-third Congress, and also for Secretary of State, Auditor, Treasurer, Register of the Land Office and Attorney-General in 1872. The following were the nominees in 1872:

Secretary of State—Josiah T. Young, Rep.; ——— Guilbert, Dem. *Auditor*—John Russell, Rep.; J. P. Cassaday, Dem. *Treasurer*—William Christy, Rep.; M. J. Rhobfs, Dem. *Register*—Aaron Brown, Rep.; Jacob Butler, Dem. *Attorney-General*—M. E. Cutts, Rep.; A. G. Case, Dem. *Congress*—1st district, George W. McCrary, Rep., James M. The vote on Governor and Lieutenant-Governor was not canvassed in time for insertion in this edition of the Almanac. For Superintendent of Public Instruction, the vote stood: Rep., 104,993; Opp., 60,279; Rep. maj., 44,714. Owing to misspelled tickets, about 19,000 ballots were returned as "scattering," which were doubtless intended to be cast for Prindle, Dem. The majority returned for Supreme Judge is somewhat larger than the actual figures, for the same reason.

KANSAS.

The last State election in Kansas was held in November, 1872, when a full board of State officers was chosen to serve for two years. The only election of general importance in 1873 was for members of the Legislature, half the Senate holding over. This resulted, counting those elected on Farmers' tickets among the Opposition, in a Republican majority of 18 on joint ballot. This majority, however, is augmented by including 39 Republicans elected as Farmers and Independents, who probably will act with their party on strictly political questions.

The following are the names of the candidates in 1872, with the vote received by each:

Governor—Thos. A. Osborne, Rep., 66,715; T. H. Walker, Dem., 34,698; Republican majority, 32,017. *Lieutenant-Governor*—Elias S. KENTUCKY.

A State Treasurer and Members of the General Assembly were elected in Kentucky on the 4th of August, 1873. The Democratic candidate for Treasurer, James W. In the municipal election, Dec., 1872, Charles D. Jacob, Dem., was the only candidate for Mayor in the field, his opponents having withdrawn. He received a vote of 9,747 against 391 scattering votes.

Total vote of the city, 1872, 14,203; 1871, 13,581; increase, 622.

The State Assessors, last year, submitted the tabular statement of the number of votes in Kentucky, which is required to be made every eight years as a basis for redistricting the State. By this it appears that there are in the State 288,320 voters, of whom 241,195 are white, and 47,125 are black. This number is 73,178 in excess of the highest number of votes ever cast at any election.

MISSISSIPPI.

In Mississippi, State officers and Members of the Legislature were elected. An amendment to the Constitution was also submitted, relating to the investment of the school fund. No regular Democratic ticket was placed in the field, but an opposition ticket, nominated through the efforts of Senator James L. Alcorn, received the support of Democrats generally. We therefore classify it in our table as Democratic. The nominations were as follows:

Governor, Adelbert Ames, Rep., James L. Alcorn, Dem. *Lieutenant-Governor*, A. K. Davis, Rep., Henry Musgrove, Dem. *Secretary of State*, James

Hill, Rep., T. W. Stringer, Dem. *Treasurer*, George H. Holland, Rep., W. H. Vasser, Dem. *Attorney-General*, George E. Harris, Rep., Beverly Matthews, Dem. *Auditor*, W. H. Gibbs, Rep., W. W. Bell, Dem. *Superintendent of Instruction*, T. W. Cardozo, Rep., John D. Webster, Dem.

The vote for Governor at the December election had not been received when the Almanac went to press. The Supreme Court of the State has decided, however, that the law under which the election was held is unconstitutional. The election is therefore annulled, and the old State officers and Legislature remain in office. Another election will be held before April 28.

PROPOSED AMENDMENTS TO THE CONSTITUTION.

CONCURRENT RESOLUTIONS proposing amendments to Article two of the Constitution.

Resolved (if the Assembly concur), That sections one and two of article two of the Constitution be amended so as to read as follows:

SECTION 1. Every male citizen of the age of twenty-one years who shall have been a citizen for ten days and an inhabitant of this State one year next preceding an election, and for the last four months a resident of the county, and for the last thirty days a resident of the election district in which he may offer his vote, shall be entitled to vote at such election in the election district of which he shall at the time be a resident, and not elsewhere, for all officers that now are or hereafter may be elective by the people, and upon all questions which may be submitted to the vote of the people, provided that, in time of war, no elector in the actual military service of the State, or of the United States, in the army or navy thereof, shall be deprived of his vote by reason of his absence from such election district; and the Legislature shall have power to provide the manner in which and the time and place at which such absent electors may vote, and for the return and canvass of their votes in the election districts in which they respectively reside.

§ 2. No person who shall receive, expect or offer to receive, or pay, offer or promise to pay, contribute, offer or promise to contribute to another, to be paid or used, any money or other valuable thing as a compensation or reward for the giving or withholding a vote at an election, or who shall make any promise to influence the giving or withholding any such vote, or who shall become directly or indirectly interested in any bet or wager depending upon the result of any election, shall vote at such election; and upon challenge for such cause, the person so challenged, before the officers authorized for that purpose shall receive his vote, shall swear or affirm before such officers that he has not received or offered, does not expect to receive, has not paid, offered or promised to pay, contributed, offered or promised to contribute to another, to be paid or used, any money or other valuable thing as a compensation or reward for the giving or withholding a vote at such election, and has not made any promise to influence the giving or withholding of any such vote, nor made or become directly or indirectly interested in any bet or wager depending upon the result of such election. The Legislature, at the session thereof next after the adoption of this section, shall, and from time to time thereafter may, enact laws excluding from the right of suffrage all persons convicted of bribery or of any infamous crime.

Resolved (if the Assembly concur), That the foregoing amendment be referred to the Legislature to be chosen at the next general election of Senators, and that, in conformity to section one of article thirteen of the Constitution, it be published for three months previous to the time of such election.

CONCURRENT RESOLUTIONS proposing amendments to Article three of the Constitution.

Resolved (if the Assembly concur), That sections one, four, five, six, seven and eight of article three of the Constitution, be amended so as to read as follows:

ARTICLE III.

SECTION 1. The legislative power of this State shall be vested in a Senate and an Assembly.

§ 4. An enumeration of the inhabitants of the State shall be made under the direction of the Legislature, in the year one thousand eight hundred and seventy-five, and in every tenth year thereafter.

§ 5. The Assembly shall consist of one hundred and twenty-eight members, elected for one year. The members of Assembly shall be apportioned among the several counties of the State, by the Legislature, as nearly as may be, according to the number of their respective inhabitants, excluding aliens, and shall be chosen by single districts. The Assembly districts shall remain as at present organized until after the enumeration of the inhabitants of the State, in the year eighteen hundred and seventy-five. The Legislature, at its first session, after the return of every enumeration, shall apportion the members of Assembly among the several counties of the State, in manner aforesaid, and the board of supervisors in such counties as may be entitled under such apportionment to more than one member, except the city and county of New York, and in said city and county the board of aldermen of said city shall assemble at such time as the Legislature, making such apportionment, shall prescribe, and divide their respective counties into Assembly districts, each of which districts shall consist of convenient and contiguous territory, equal to the number of members of Assembly to which such counties shall be entitled, and shall cause to be filed in the offices of the Secretary of State and the clerks of their respective counties, a description of such districts, specifying the number of each district and the population thereof, according to the last preceding enumeration, as near as can be ascertained, and the apportionment and districts shall remain unaltered until another enumeration shall be made as herein provided. No town shall be divided in the formation of Assembly districts. Every county heretofore established and separately organized, except the county of Hamilton, shall always be entitled to one member of the Assembly, and no new county shall be hereafter erected, unless its population shall entitle it to a member. The county of Hamilton shall elect with the county of Fulton, until the population of the county of Hamilton shall, according to the ratio, be entitled to a member. But the Legislature may abolish the said county of Hamilton, and annex the territory thereof to some other county or counties. Nothing in this section shall prevent division at any time of counties and towns, and the erection of new towns and counties by the Legislature.

§ 6. Each member of the Legislature shall receive for his services an annual salary of one thousand five hundred dollars. The members of either House shall also receive the sum of one dollar for every ten miles they shall travel, in going to and returning from their place of meeting, once in each session, on the most usual route. Senators, when the Senate alone is convened in extraordinary session, or when serving as members of the court for the trial of impeachments, and such members of the Assembly, not exceeding nine in number, as shall be appointed managers of an impeachment, shall receive an additional allowance of ten dollars a day.

§ 7. No member of the Legislature shall receive any civil appointment within this State, or the Senate of the United States, from the Governor, the Governor and Senate, or from the Legislature, or from any city government during the time for which he shall have been elected; and all such appointments and all votes given for any such member, for any such office or appointment, shall be void.

§ 8. No person shall be eligible to the Legislature, who, at the time of his election is, or within one hundred days previous thereto has been, a member of Congress, a civil or military officer under the United States, or an officer under any city government. And if any person shall, after his election as a member of the Legislature, be elected to Congress, or appointed to any office, civil or military, under the government of the United States, or under any city government, his acceptance thereof shall vacate his seat.

And that the following additional sections be added to said article three of the Constitution:

§ 17. No act shall be passed which shall provide that any existing law, or any part thereof, shall be made or deemed a part of said act, or which shall enact that any existing law, or any part thereof, shall be applicable, except by inserting it in such act.

§ 18. The Legislature shall not pass a private or local bill in any of the following cases:

Changing the names of persons.

Laying out, opening, altering, working or discontinuing roads, highways or alleys, or for draining swamps or other low lands.

Locating or changing county seats.

Providing for changes of venue in civil or criminal cases.

Incorporating villages.

Providing for election of members of boards of supervisors.

Selecting, drawing, summoning or impaneling grand or petit jurors.

Regulating the rate of interest on money.

The opening and conducting of elections, or designating places of voting.

Creating, increasing or decreasing fees, percentage or allowances of public officers, during the term for which said officers are elected or appointed.

Granting to any corporation, association or individual, the right to lay down railroad tracks.

Granting to any private corporation, association or individual, any exclusive privilege, immunity or franchise whatever.

Providing for building bridges, and chartering companies for such purposes, except on the Hudson river, below Waterford, and on the East river, or over the waters forming a part of the boundaries of the State.

The Legislature shall pass general laws providing for the cases enumerated in this section, and for all other cases which, in its judgment, may be provided for by general laws. But no law shall authorize the construction or operation of a street railroad, except upon the condition that the consent of the owners of one-half in value of the property bounded on, and the consent also of the local authorities having the control of that portion of a street or highway upon which it is proposed to construct or operate such railroad be first obtained, or in case the consent of such property owners cannot be obtained, the general term of the supreme court in the district in which it is proposed to be constructed, may, upon application, appoint three commissioners who shall determine, after a hearing of all parties interested, whether such railroad ought to be constructed or operated, and their determination, confirmed by the court, may be taken in lieu of the consent of the property owners.

§ 19. The Legislature shall neither audit nor allow any private claim or account against the State, but may appropriate money to pay such claims as shall have been audited and allowed according to law.

§ 20. Every law which imposes, continues or revives a tax shall distinctly state the tax and the object to which it is to be applied, and it shall not be sufficient to refer to any other law to fix such tax or object.

§ 21. On the final passage, in either House of the Legislature, of any act which imposes, continues or revives a tax, or creates a debt or charge, or makes, continues or revives any appropriation of public or trust money or property, or releases, discharges or commutes any claim or demand of the State, the question shall be taken by yeas and nays, which shall be duly entered upon the journals, and three-fifths of all the members elected to either House shall, in all such cases, be necessary to constitute a quorum therein.

§ 22. There shall be in the several counties, except in cities whose boundaries are the same as those of the county, a board of supervisors, to be composed of such members, and elected in such manner, and for such period, as is, or may be, provided by law. In any such city the duties and powers of a board of supervisors may be devolved upon the common council or board of aldermen thereof.

Section seventeen of said article is hereby made section twenty-three of the proposed amendment, and is amended so as to read as follows:

§ 23. The Legislature shall, by general laws, confer upon the boards of supervisors of the several counties of the State such further powers of local legislation and administration as the Legislature may from time to time deem expedient.

§ 24. The Legislature shall not, nor shall the common council of any city, nor any board of supervisors, grant any extra compensation to any public officer, servant, agent or contractor.

§ 25. Sections seventeen and eighteen of this article shall not apply to any bill or the amendments to any bill, which shall be reported to the Legislature by commissioners, who have been appointed pursuant to law to revise the statutes.

Resolved (if the Assembly concur), That the foregoing amendment be referred to the Legislature to be chosen at the next general election of Senators, and that, in conformity to section one of article thirteen of the Constitution, it be published for three months previous to the time of such election.

CONCURRENT RESOLUTIONS proposing amendments to Article four of the Constitution.

Resolved (if the Assembly concur), That sections one, two, four, eight and nine of article four of the Constitution be amended so as to read as follows:

SECTION 1. The executive power shall be vested in a Governor who shall hold his office for three years; a Lieutenant-Governor shall be chosen at the same time, and for the same term. The Governor and Lieutenant-Governor elected next preceding the time when this section shall take effect shall hold office during the term for which they were elected.

§ 2. No person shall be eligible to the office of Governor or Lieutenant-Governor except a citizen of the United States, of the age of not less than thirty years, and who shall have been five years, next preceding his election, a resident of this State.

§ 4. The Governor shall be commander-in-chief of the military and naval forces of the State. He shall have power to convene the Legislature (or the Senate only) on extraordinary occasions. At extraordinary sessions no subject shall be acted upon except such as the Governor may recommend for consideration. He shall communicate by message to the Legislature at every session the condition of the State, and recommend such matters to them as he shall judge expedient. He shall transact all necessary business with the officers of government, civil and military. He shall expedite all such measures as may be resolved upon by the Legislature, and shall take care that the laws are faithfully executed. He shall receive for his services an annual salary of ten thousand dollars, and there shall be provided for his use a suitable and furnished executive residence.

§ 8. The Lieutenant-Governor shall receive for his services an annual salary of five thousand dollars, and shall not receive or be entitled to any other compensation, fee or perquisite, for any duty or service he may be required to perform by the Constitution or by law.

§ 9. Every bill which shall have passed the Senate and Assembly shall, before it becomes a law, be presented to the Governor; if he approve, he shall sign it; but if not, he shall return it with his objections to the House in which it shall have originated, which shall enter the objections at large on the journal, and proceed to reconsider it. If, after such reconsideration, two-thirds of the members elected to that House shall agree to pass the bill, it shall be sent, together with the objections, to the other House, by which it shall likewise be reconsidered; and if approved by two-thirds of the members elected to that House, it shall become a law, notwithstanding the objections of the Governor. In all such cases, the votes in both Houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each House respectively. If any bill shall not be returned by the Governor within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law in like manner as if he had signed, it

unless the Legislature shall, by their adjournment, prevent its return; in which case it shall not become a law without the approval of the Governor. No bill shall become a law after the final adjournment of the Legislature, unless approved by the Governor within thirty days after such adjournment. If any bill presented to the Governor contain several items of appropriation of money, he may object to one or more of such items, while approving of the other portion of the bill. In such case, he shall append to the bill, at the time of signing it, a statement of the items to which he objects; and the appropriation so objected to shall not take effect. If the Legislature be in session, he shall transmit to the House in which the bill originated a copy of such statement, and the items objected to shall be separately reconsidered. If, on reconsideration, one or more of such items be approved by two-thirds of the members elected to each House, the same shall be part of the law, notwithstanding the objections of the Governor. All the provisions of this section, in relation to bills not approved by the Governor, shall apply in cases in which he shall withhold his approval from any item or items contained in a bill appropriating money.

Resolved (if the Assembly concur), That the foregoing amendment be referred to the Legislature to be chosen at the next general election of Senators, and that, in conformity to section one of article thirteen of the Constitution, it be published for three months previous to the time of such election.

CONCURRENT RESOLUTIONS proposing amendments to Article five of the Constitution.

Resolved (if the Assembly concur), That article five of the Constitution be amended so as to read as follows:

SECTION 1. The Comptroller and Secretary of State shall be chosen at the same general election, and for the same term, as the Governor. The persons holding the offices at the time when this section shall take effect shall continue to hold the same until the first day of January next succeeding the first election of Comptroller and Secretary of State, pursuant to the provisions hereof, and shall each receive a salary to be fixed by law, for such time as they may hold such offices beyond the term for which they shall have been elected.

§ 2. The Attorney-General and State Engineer and Surveyor shall be appointed by the Governor, with the consent of the Senate, and hold their offices until the end of the term of the Governor by whom they shall be nominated, and until their successors are appointed. No person shall be appointed State Engineer and Surveyor who is not a practical engineer.

§ 3. A Superintendent of State Prisons shall be appointed by the Governor, with the consent of the Senate, and hold his office for five years, unless sooner removed; he shall give security in such amount, and with such sureties, as shall be required by law for the faithful discharge of his duties; he shall have the superintendence, management and control of the State Prisons, subject to such laws as now exist or may hereafter be enacted; he shall appoint the agents, wardens, physicians and chaplains of the prisons. The agent and warden of each prison shall appoint all other officers of such prison, except the clerk, subject to the approval of the same by the Superintendent. The Comptroller shall appoint the clerks of the prisons. The superintendent shall have all the powers and perform all the duties, not inconsistent herewith, which have heretofore been had and performed by the Inspectors of State Prisons; and from and after the time when such Superintendent of State Prisons shall have been appointed and qualified, the office of Inspector of State Prisons shall be and is hereby abolished. The Governor may remove the Superintendent for cause at any time, giving to him a copy of the charges against him, and an opportunity to be heard in his defense.

§ 4. The Treasurer shall be chosen by the Senate and Assembly in joint ballot, and hold his office for three years, and until his successor shall be chosen and qualified. He shall, before entering upon the duties of his office, give such security as may be required by law. He may be suspended from office by the Governor during the recess of the Legislature, and until thirty days after the commencement of the next session of the Legislature, whenever it shall appear to him that such Treasurer has, in any particular, violated his duty. The Governor shall appoint a competent person to discharge the duties of the office during such suspension of the Treasurer.

§ 5. The Lieutenant Governor, Comptroller, Secretary of State, Attorney-General, Treasurer and State Engineer and Surveyor shall be the commissioners of the land office. The office of the commissioners of the canal fund is abolished, and all the powers and duties heretofore had or performed by the commissioners of the canal fund shall hereafter be had and performed by the Comptroller. The Canal Board shall consist of the Lieutenant-Governor, Secretary of State, Treasurer, Attorney-General, State Engineer and Surveyor, and Superintendent of Public Works.

§ 6. A Superintendent of Public Works shall be appointed by the Governor, with the consent of the Senate, and to hold his office until the end of the term of the Governor by whom he was nominated, and until his successor is appointed. He shall receive for his services a compensation to be fixed by law. He shall be required by law to give security for the faithful execution of his office, before entering upon the duties thereof. He shall be charged with the execution of all laws relating to the repair and navigation of the canals; and also of those relating to the construction and improvement of the canals, except so far as the execution of the laws relating to such construction or improvement shall be confided to the State Engineer and Surveyor. Subject to the control of the Legislature, he shall make the rules and regulations for the navigation or use of the canals. He may be suspended or removed from office by the Governor, whenever in his judgment the public interest shall so require; but in case of removal of such Superintendent of Public Works from office, the Governor shall file with the Secretary of State a statement of the cause of such removal, and shall report such removal and the cause thereof, to the Legislature at its next session.

§ 7. The Superintendent of Public Works shall appoint not more than three assistant superintendents, whose duties shall be prescribed by him, subject to modification by the Legislature, and who shall receive for their services a compensation to be fixed by law. They shall hold their office for three years, subject to suspension or removal by the Superintendent of Public Works, whenever in his judgment the public interest shall so require. Any vacancy in the office of any such assistant superintendent shall be filled, for the remainder of the term for which he was appointed, by the Superintendent of Public Works; but in case of the suspension or removal of any such assistant superintendent by him, he shall at once report to the Governor, in writing, the cause of such removal. All other persons employed in the care and management of the canals, except collectors of tolls, and those in the department of the State Engineer and Surveyor, shall be appointed by the Superintendent of Public Works, and be subject to suspension or removal by him.

§ 8. The office of Canal Commissioner is abolished from and after the appointment and qualification of the Superintendent of Public Works, until which time the Canal Commissioners shall continue to discharge their duties as now provided by law. The Superintendent of Public Works shall perform all the duties of the Canal Commissioners, and Board of Canal Commissioners, as now declared by law, until otherwise provided by the Legislature.

§ 9. The Governor, by and with the consent of the Senate, shall have power to fill vacancies, in the offices in this article named, except as herein otherwise provided; or, if the Senate be not in session, he may grant commissions, which shall expire at the end of the next succeeding session of the Senate.

§ 10. The Attorney-General, State Engineer and Surveyor and Treasurer, in office at the time this article shall take effect, shall hold their offices until their successors are appointed.

§ 11. The powers and duties of the respective boards, and of the several officers in this article named, shall, except as herein otherwise provided, be such as now are or hereafter may be prescribed by law.

§ 12. All offices for the weighing, gauging, measuring, culling or inspecting any merchandise, produce, manufacture or commodity whatever, are hereby abolished, and no such office shall hereafter be created by law; but nothing in this section contained shall abrogate any office created for the purpose of protecting the public health or the interest of the State in its property, revenue, tolls or purchases, or of supplying the people with correct standards of weights and measures, or shall prevent the creation of any office for such purposes hereafter.

Resolved (if the Assembly concur), That the foregoing amendment be referred to the Legislature to be chosen at the next general election of Senators, and that in conformity to section one of article thirteen of the Constitution, it be published for three months previous to the time of such election.

CONCURRENT RESOLUTIONS proposing amendments to Article six of the Constitution.

Resolved (if the Assembly concur), That section eighteen of article six of the Constitution be amended so as to read as follows:

§ 18. The electors of the several towns shall, at their annual town meeting and in such manner as the Legislature may direct, elect Justices of the Peace, whose term of office shall be four years. In case of an election to fill a vacancy occurring before the expiration of a full term, they shall hold for the residue of the unexpired term. Their number and classification may be regulated by law. Justices of the Peace and Judges or Justices of inferior courts, not of record, and their clerks, may be removed after due notice and an opportunity of being heard by such courts as may be prescribed by law, for causes to be assigned in the order of removal. Judicial officers of courts not of record, in the several cities of the State having a population of not less than 300,000, shall be appointed by the Governor, with the consent of the Senate, for a term of four years, and shall be subject to removal after due notice and an opportunity of being heard by such courts as may be prescribed by law, for causes to be assigned in the order of removal. All other judicial officers in cities, whose election or appointment is not otherwise provided for in this article, shall be chosen by the electors of cities or appointed by some local authorities thereof.

Resolved (if the Assembly concur), That the foregoing amendment be referred to the Legislature to be chosen at the next general election of Senators, and that in conformity to section one of article thirteen of the Constitution, it be published for three months previous to the time of such election.

CONCURRENT RESOLUTION proposing an amendment to Article seven of the Constitution.

Resolved (if the Assembly concur), That sections three and six of article seven be amended as follows:

Section three to be amended by adding at the end of the section the following:

No extra compensation shall be made to any contractor, but if, from any unforeseen cause, the terms of any contract shall prove to be unjust and oppressive, the Canal Board may, upon the application of the contractor, cancel such contract.

§ 6. The Legislature shall not sell, lease or otherwise dispose of the Erie canal, the Oswego canal, the Champlain canal, the Black River canal or the Cayuga and Seneca canal; but they shall remain the property of the State, and under its management forever. Hereafter the expenditures for collections, superintendence, ordinary and extraordinary repairs on the canals named in this section, shall not exceed, in any year, their gross receipts for the previous year. All funds that may be derived from any lease, sale or other disposition of any canal, shall be applied in payment of the debt for which the canal revenues are pledged.

That the following be added as sections thirteen and fourteen, in place of sections thirteen and fourteen of this article, which have been transferred and inserted as sections twenty-one and twenty-two of article three.

§ 13. The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for the specific purpose for which it shall have been provided.

§ 14. Neither the Legislature, Canal Board, Canal Appraisers, nor any person or persons acting in behalf of the State, shall audit, allow, or pay any claim, which, as between citizens of the State, would be barred by lapse of time. The limitation of existing claims shall begin to run from the adoption of this section; but this provision shall not be construed to revive claims already barred by existing statutes, nor to repeal any statute fixing the time within which claims shall be presented or allowed, nor shall it extend to any claims duly presented within the time allowed by law, and prosecuted with due diligence from the time of such presentment. But if the claimant shall be under legal disability, the claim may be presented within two years after such disability is removed.

Resolved (if the Assembly concur), That the foregoing amendment be referred to the Legislature to be chosen at the next general election of Senators, and that, in conformity to section one, article thirteen of the Constitution, it be published for three months previous to the time of such election.

CONCURRENT RESOLUTION proposing an amendment to Article eight of the Constitution.

Resolved (if the Assembly concur), That article eight of the Constitution be amended, by amending section four thereof, so as to read as follows:

§ 4. The Legislature shall, by general law, conform all charters of savings banks, or institutions for savings, to a uniformity of powers, rights and liabilities, and all charters hereafter granted for such corporations shall be made to conform to such general law, and to such amendments as may be made thereto. And no such corporation shall have any capital stock, or shall be trustees thereof, or any of them have any interest whatever, direct or indirect, in the profits of such corporation; and no director or trustee of any such bank or institution shall be interested in any loan or use of any money or property of such bank or institution for savings. The Legislature shall have no power to pass any act granting any special charter for banking purposes; but corporations or associations may be formed for such purposes under general laws.

And further, by adding thereto additional sections to be known as sections ten and eleven, as follows:

§ 10. Neither the credit nor the money of the State shall be given or loaned to or in aid of any association, corporation or private undertaking. This section shall not, however, prevent the Legislature from making such provision for the education and support of the blind, the deaf and dumb, and juvenile delinquents as to it may seem proper. Nor shall it apply to any fund or property now held or which may hereafter be held by the State for educational purposes.

§ 11. No county, city, town or village shall, hereafter, give any money or property, or loan its money or credit, to or in aid of any individual, association, or corporation, or become, directly or indirectly, the owner of stock in or bonds of any association or corporation, nor shall any such county, city, town or village be allowed to incur any indebtedness, except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law.

Resolved (if the Assembly concur), That the foregoing amendment be referred to the Legislature to be chosen at the next general election of Senators

and that, in conformity to section one of article thirteen of the Constitution, it be published for three months previous to the time of such election.

CONCURRENT RESOLUTION proposing an amendment to Article ten of the Constitution.

Resolved (if the Assembly concur), That article ten of the Constitution be amended, by adding at the end thereof an additional section, as follows:

§ 9. No officer whose salary is fixed by the Constitution shall receive any additional compensation. Each of the other State officers, named in the Constitution, shall, during his continuance in office, receive a compensation, to be fixed by law, which shall not be increased or diminished during the term for which he shall have been elected or appointed; nor shall he receive to his use any fees or perquisites of office or other compensation.

Resolved (if the Assembly concur), That the foregoing amendments be referred to the Legislature to be chosen at the next general election of Senators, and that, in conformity to section one of article thirteen of the Constitution, it be published for three months previous to the time of such election.

CONCURRENT RESOLUTION proposing an amendment to Article twelve of the Constitution.

Resolved (if the Assembly concur), That article twelve of the Constitution be amended so as to read as follows:

ARTICLE XII.

SECTION 1. Members of the Legislature (and all officers, executive and judicial, except such inferior officers as shall be by law exempted), shall, before they enter on the duties of their respective offices, take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of New York, and that I will faithfully discharge the duties of the office of according to the best of my ability;" and all such officers who have been chosen at any election shall, before they enter on the duties of their respective offices, take and subscribe the oath or affirmation above prescribed, together with the following addition thereto, as part thereof: "And I do further solemnly swear (or affirm) that I have not directly or indirectly paid, offered or promised to pay, contributed, or offered or promised to contribute, any money or other valuable thing as a consideration or reward for the giving or withholding a vote at the election at which I was elected to said office, and have not made any promise to influence the giving or withholding any such vote," and no other oath, declaration or test shall be required as a qualification for any office of public trust.

Nearly twenty years' experience as manufacturers enables us to offer to the public a Piano remarkable in the following particulars:

Quality of Tone. Peculiarly brilliant and sparkling in the Upper Register; sympathetic and mellow in the Middle; round, full and strong in the Bass.

Pleasing, Elastic Touch. In this respect it is all that can be desired.

Good Wearing Quality. Our Piano is made for service, and has won golden opinions from the trade on account of its durable qualities.

Standing in Tune. We challenge the world for an instrument which has a prouder reputation upon this point.

Size. Somewhat under the average, and yet FULL SEVEN OCTAVE. By strict economy of space, and rigid adherence to acoustic laws, we obtain an instrument remarkable for its power, in view of its size.

Cheapness. Our aim has been, and still is, to afford a strictly first-class piano at a moderate price, and we think we have succeeded.

Merchant's Gargling Oil

After forty years of unparalleled success, MERCHANT'S GARGLING OIL stands unrivaled in the United States and other countries, as a Liniment for Human and Animal flesh. MERCHANT'S GARGLING OIL is the result of a series of years of study and application prior to its introduction, in 1833, by a practical and theoretical chemist, and is composed of the very best ingredients that can be procured in this and foreign countries. The chemical affinities which are brought to co-operate in the union of the various ingredients constituting the Liniment, render it an article of universal potency for the following ailments:

Ask your nearest Druggist or dealer in patent medicines for one of *our* Almanacs, and read what the *people* say about the Oil.

The Gargling Oil is for sale by all respectable dealers throughout the *United States and other countries.*

Our *testimonials* date from 1833 to the present. Use the *Gargling Oil*, and tell your neighbor what good it has done.

Merchant's Worm Tablets,

A Certain and Safe Remedy for Worms in Children and Adults.

The demand for a specific remedy for that troublesome pest—*Worms*, has induced us to introduce MERCHANT'S WORM TABLETS, and the unprecedented success which they have met with, recommends them as the most efficacious Worm Medicine in existence. They are rapidly superceding all other Worm Remedies, arising from the completeness with which they perform their work, and the facility with which they are administered to children. The ingredients of these Tablets are *purely vegetable*, containing no calomel, antimony or other poisonous, drugs, and may be given freely, with the assurance that they will effectually destroy all the worms existing in the intestines, correct and cleanse the stomach, and return the adult or child to health and vigor.

Manufactured by Merchant's Gargling Oil Co., Lockport, N. Y.

If the Worm Tablets are not to be found at the nearest Drug Store, enclose twenty-five cents in a letter, with Post office address, and a box will be sent by mail.
